Kingsford® Barrel Grills Fact Sheet

Nothing matches an authentic barrel grill for versatile barbecuing. Simply add the offset firebox and it turns into a terrific low 'n' slow smoker.

WHAT: Four sizes of barrel grills; a separate side firebox can be attached to three of the models

Model KB800 – 872 square inches of cooking space, porcelain-coated cast iron cooking grids, warming rack, grill rack lifter, sturdy high-quality hardwood shelves, solid bottom shelf for storage

Model 10040906 – 872 square inches of cooking space, cast iron cooking grids, warming rack, grill rack lifter, wood shelves, wire bottom shelf for storage

Model 10040806 – 839 square inches of cooking space, chrome cooking grids, wood shelves, wire bottom shelf for storage

Model 10040706 – 350 square inches of cooking space, chrome grill racks, a wood side shelf, wire bottom shelf for storage

All models have an adjustable charcoal tray, adjustable damper and a temperature gauge

Firebox has top and side charcoal access door for easy use, a heavy gauge charcoal tray and a side air damper; it attaches to all models (except Model 10040706) to convert the barrel grill to an offset smoker

WHERE: The Kingsford Barrel Grills are available at Bass Pro Shops, BJs, Gander Mt., Cabelas, Wynn Dixie, Food Lion, Conns, Meijer and other retail locations where grills are sold. You can also log on to www.masterbuilt.com.
